

## Via Verde Service

At *Colinas Rent A Car* you can acquire a Via Verde electronic device that will allow you to circulate without worries on Portuguese highways, bridges and ex-scuts. This way, you will avoid going to the competent charging stations in order to settle the payment of your tickets on road infrastructures.

The daily cost of the device is €1,85, up to a maximum of €18.50€ (VAT included), plus the respective tools. It is subject to a franchise of €73.80€ + VAT = €90.78, in case of theft, loss, or damage.

The use of this service always requires a credit card.

Learn more about the Via Verde Service in our FAQs (Frequently Asked Questions), or contact us through the email address [reservas@colinasrentacar.pt](mailto:reservas@colinasrentacar.pt)
